GARMENT SOURCING SERVICE SHEET

From Concept to Shipment – We Source, You Grow

UNIVERSE SOURCING helps international brands, retailers, importers and buying houses find the right Indian manufacturers, manage the entire sourcing process and ensure your orders are delivered with quality, on time and at the best value.

Our Sourcing Services

Factory & Supplier Sourcing
Identify and evaluate reliable, capable and cost-effective factories in India, based on your product and order needs.

Costing & Price Negotiation
Get competitive pricing without compromising on quality.

Product Development & Sampling
Support from initial concept, tech pack review to final sample approval.

Technical Review
Assess measurements, fit, construction and workmanship.

Production Coordination
Track production progress, manage milestones and resolve issues.

Quality Management
Monitor fabric, trims, workmanship and final garment quality.

Testing & Compliance
Coordinate laboratory testing and follow up on approvals and reports.

Shipment Readiness
Ensure final quality, quantity and timely shipment.

Let us handle the sourcing challenges, so you can focus on growing your business.

TECHNICAL & QUALITY CONSULTANCY SHEET

On-Ground Support for Smooth Production

UNIVERSE SOURCING provides independent technical and quality consultancy services to help international customers monitor production, maintain product quality and solve issues early – without the need for a full-time local team.

Our Consultancy Services

Production Monitoring & Order Follow-up
Track progress, manage milestones and keep you updated with regular reports, photos and status.

Quality Inspection & Control
Check fabric, trims, workmanship, measurements and final garment quality at every stage.

Technical Assistance
Review tech packs, measurements, fit, construction and workmanship.

Sample & Development Support
Evaluate samples, suggest improvements and ensure approval readiness.

Factory Evaluation
Assess factory capability, capacity, infrastructure and production readiness.

Testing & Compliance Coordination
Coordinate lab testing, follow up on approvals and share reports.

Issue Resolution & Corrective Actions
Identify root causes, work with factories and ensure quick corrective actions.

Inspection Management
Coordinate third-party inspections and ensure customer protocols are followed.
